Councilwoman Ann Kobayashi  
Chairperson, Budget Committee  
City Council of Honolulu  
Honolulu, HI 96813

Dear Councilwoman Kobayashi and the Budget Committee,

I dread the proliferation of visual imagery all over the city. Adding advertisement to the outside of buses just makes more visual clutter. I find murals, graphics distracting while driving, and wonder if anyone has proposed that advertising be allowed inside the busses as in New York City and other metropolitan areas? Aloha, thank you for your consideration of this issue. Allyn Bromley
